

*Dear Mr. Bodo*

*It seems all too often people want to tell others of poor service or of shoddy workmanship. I want to praise you and your staff for what you do. After I lost a lot my hair due to cancer treatments, I was totally devastated. I am a woman in her 50's and was not yet ready to give up on having a fun life. I tried special creams and sprays that "Guaranteed" that their product would grow hair.*

*When none of these worked I tried wigs. But no matter how much I spent on an expensive wig, I always felt like I was wearing a hat.*

*And you never knew when it might come off.*

*Then I went to hair pieces. But was disappointed because they didn't stay on, and after a few months the hair started falling out everywhere. Then by chance I came across your web site one day.*

*OH what a Lucky Day That Was!!*

*I talked to one of your people on the phone and before I knew it I felt like I had known her for years. She was kind and understanding and knew what she was talking about. But most of all I could sense she believed in what she was selling. I ordered the "New Miss LU" with a hair length of 16 inches. When I received it WOW! It was a perfect match for my own hair. I opted for the full bonding instead*

*of the clips. Now I have my life back. I drive a convertible and have a passion for motorcycles. I swim and even ride horses with complete confidence. I have had "My" hair now for 18 months with only normal hair loss. And now I find out that you can even fix that when the time comes for a fair price. WOW!! You and your company and all the great people at H.P.H> have given me back my life. And how good does it look? Well I had a date last night with a man 18 years younger than I, and he thought we were the same age.*

*Thank you Mr. Bodo and thank each and every one of you that help give women and men back our lives every day.*

*You are my heroes.*

*Sincerely*

*Ms. Shellieann Nies*
